Dear Mr. Wasbey,

Thank you for your letter of April 8.

I will try to answer the questions you posed, and I will ask a few questions myself.

First of all, I am 20 years old and have only recently become deeply interested in the study of the assassination. (In 1963 I was only 8, hardly old enough to be a serious researcher!) You mention that Mark Lane is ripping us off again, and I am not sure what you mean. I have heard that although he is most commercially successful, he knows far less than many regarding the JFK case. If you could shed some light on the situation for me, I would be grateful.

I, personally, appreciate that you have filed 5 F.O.I. suits, and I would like to know their results. If I had my choice, you would speak at the conference, but we are a small organization, and our funds are very limited, a problem you must

be well aquainted with, or you mention that you go into deptt doing the work that others use as their own. So, the only reason you have been excluded is because of limited funds. As you have mentioned, Mark Lane is a commercial "draw".

I am sorry to hear that you are owed 7- to $10,000 in California, + if there is anything I could do to help you receive it, living in Los Angeles, I would be happy to do so.

Regarding the books, I understand your situation, but we have the same problem. I regret that we will not be able to order them since we do not have the cash to put up in advance. However, I have enclosed a personal check for $20. to pay for the 5 books, + I think that will more than cover it if you would also offer me the "discount" rate. If there is anything else that you sell, or anything else, perhaps, that you might

have to photocopy for me as a favor at my cost, I would, of course, sincerely appreciate it - Anything you would ever send would be for my personal study.

If I can ever be of any help to you in Los Angeles, don't hesitate to ask.

Thank you, and please respond as soon as possible. (I am anxious!)

Sincerely,

David

P.S. Would you be able to answer any particular assassination questions that I might have in the future? I have been looking at your "Oswald in New Orleans" book which I found at the U.C.L.A. library & I have a question or two already. Thanks.
